Review article

1. Barley research in India: Retrospect & prospects 1
Vishnu Kumar, Anil Khippal, Jogendra Singh, R Selvakumar, Rekha Malik, Dinesh Kumar, Ajit Singh Kharub, Ramesh Pal Singh Verma and Indu Sharma

Research articles

2. Introgression of stem rust resistance gene *Sr36* into durum wheat back ground using marker assisted backcross breeding 21
SV Sai Prasad, Sushil Kumar Singh, Vinod, Divya Ambati, Prakasha TL, Jang Bahadur Singh, Vijay Gajanan Dubey, SR Kantwa and Akhilesh Nandan Mishra
3. Combining ability analysis in bread wheat 25
Chetan Shivaji Desale, Dharmendra Rasiklal Mehta and Abhishek Pratap Singh
4. Assessment of wheat genotypes for yield potential and stress adaptation 29
Sunil Kumar Jatav and Vasant S Kandalkar
5. Variation parameters for heat tolerance index of wheat 37
Ajay Prakash Agrawal, Dinesh Pandey and Devesh Pandey
6. Salt stress induced changes in protein profile of tolerant (Kh 65) and sensitive (HD 2009) wheat genotypes 41
Sewa Ram, Veenti Rana and Indu Sharma
7. Agronomic association of *Vrn*, *Ppd*, *Rht* genes and identified QTLs under contrasting tillage conditions in wheat 45
Rajbir Yadav, Vidya Sagar, Neelu Jain and KB Gaikwad
8. Genetic diversity analysis for yield and other agronomic traits in bread wheat under water logged sodic soil condition 51
Prem N Verma, Bhupendra Narayan Singh, Gyanendra Singh, Muneendra Kumar Singh and Tim L Setter
9. Efficacy of foliar spray of *Trichoderma* isolates against *Fusarium graminearum* causing head blight of wheat 59
Vipin Panwar, Ashok Aggarwal, Gyanendra Singh, Ajay Verma, Indu Sharma and Mahender Singh Saharan
10. Effect of terminal heat stress on stability of yield and quality parameters in bread wheat in south-west Haryana 64
Surya Kant, Ram Avatar Singh Lamba, Rajesh Kumar Arya and Ishwar Singh Panwar
11. Evaluating vegetation indices for precision phenotyping of quantitative stripe rust reaction in wheat 74
Apoorva Arora, Karnam Venkatesh, Ramesh Kumar Sharma, Mahender Singh Saharan, Neeraj Dilbaghi, Indu Sharma and Ratan Tiwari
12. Genetic analysis for economic traits in wheat under salt affected soil 81
Yogender Kumar, Sudhir Kumar Sethi and Ram Avatar Singh Lamba
13. Parameters of weed management under different cropping systems in Uttar Pradesh 86
Randhir Singh, Anuj Kumar, R Sendhil, Satyavir Singh, Ramesh Chand, Ramesh Pal Singh Verma and Indu Sharma

Short communications

14. Identification of barley genotypes with high antioxidant activity 96
Sneh Narwal, Dinesh Kumar, Ramesh Pal Singh Verma and Indu Sharma
15. Phenotypic and marker aided identification of donors for spot blotch resistance in Wheat 98
Gyanendra Singh, Sonia Sheoran, AK Chowdhury, BS Tyagi, PM Bhattacharya, Virender Singh,
Ashish Ojha, Rajita and Indu Sharma

Variety release

16. New wheat release: DBW 88 for irrigated and timely sown condition of north western plains zone of India 101
Ratan Tiwari, Vinod Tiwari, Rajender Singh, SK Singh, Ravish Chatrath, Gyanendra Singh,
Bhudeva Singh Tyagi, Raj Kumar, Chandra Nath Mishra, Mahender Singh Saharan and Indu Sharma

Success story

17. Reaching new wheat varieties to farmers: Experiences from outreach activities in western Uttar Pradesh region of India 103
Sanjay Kumar Singh, Gyanendra Singh, Bhudeva Singh Tyagi, Vinod Tiwari and Indu Sharma
